Mr. Harold Collinsworth
Hollow Ridge Farm - Flintville
1025 Bottle Hollow Road
Shelbyville, TN 37160

**Subject: Permit Tracking No. SOPC00206
Hollow Ridge Farm - Flintville
Flintville, Lincoln County, Tennessee**

Dear Mr. Collinsworth:

I recently reviewed your application for Concentrated Animal Feeding Operation (CAFO) permit coverage for your farm. This letter is to inform you that some issues need to be resolved before I can approve your Nutrient Management Plan (NMP) as required to issue your CAFO permit. Essentially I need to receive the following items or information:

1. There is no Declarations page included with the NMP. Please complete and sign the enclosed Declarations page and return it to me.
2. The NMP states that there are 260,000 birds onsite; however the Notice of Intent form states 249,600. Please correct the NMP or NOI so that the correct number is reflected on both documents (the same number must be found on the NOI and in the NMP).
3. Please submit a topographic map of the production area. The map should include labels on structures and the property boundary. The map labeled "topographic map" (Figure 2, page 3) is actually an aerial map/has an aerial picture as the background.
4. Please include a detailed P-Index report run from MMP. The report must be included with the NMP in addition to having the P-Index value table. This can be found under MMP, Tools, Custom, Tennessee Phosphorus Index [6], Tennessee Phosphorus Index (Detailed), Run Custom Tool.

Once each item above is addressed, you will have submitted all required elements of a CAFO permit application. Pending approval, a notice will be sent to the Tennessee Department of Environment and Conservation (TDEC) who will then issue the permit.

Assistance is available at your local Extension office and your local United States Department of Agriculture (USDA) Natural Resources Conservation Service (NRCS) office. If you have additional questions regarding permit requirements or how to fulfill them, please feel free to contact me at 615-837-5489 or sarah.hovis@tn.gov. Thank you for your cooperation in this permitting process.

Sincerely,

Sarah Hovis
Environmental Specialist
